SPECTACULAR LIAR? *Differs slightly from the February, 2016 original*

The Cable News Network (CNN) denies having reported that fellow candidate seeking the Republican party nomination to stand for the presidency of the United States of America, Ben Carson, had left the race at the time that the apparently delusional liar Rafael Edward (Ted) Cruz of Calgary said it had.

Under the Subject *God, Rights, and Rafael Edward (Ted) Cruz of Calgary* I suggested that he's either an ignoramus or a liar. February 4, 2016, I found:

William Saletan *“studied nearly every word the Texas senator uttered during the immigration showdown. He may be the most spectacular liar ever to run for president.”*

Here's the **DISINFORMATION** Ted Cruz spewed

on August 14, 2023

Here is what it appears he did not want you to know:

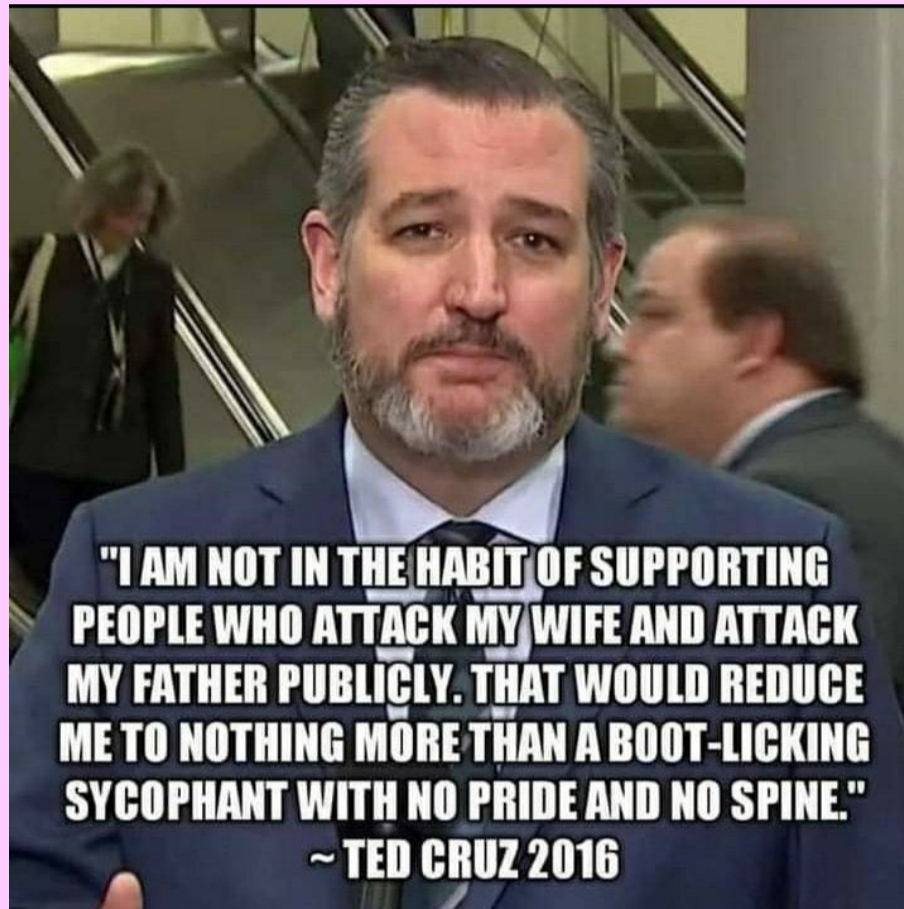

The International Monetary Fund, the USA's government, the European Union, foreign investors, Western organizations, governments, diplomats, Ukrainian anti-corruption groups and advocates of reform, wanted Viktor Shokin fired.

FRAUD, Rafael Edward (Ted) Cruz of Calgary?

February 4, 2016

Do YOU COUNT all VISITORS to your site AS SUPPORTERS of your candidacy to be nominated to stand for the USA's presidency under the Republican party's banner?

Attempts to visit TEDCRUZ.ORG failed because I could not get in unless I agreed to support your candidacy thus donating to the cause of a person said to be not unlike Joe McCarthy, the hated and censured Republican Senator.

The consequence is that your secrecy prevents me from confirming whether the absurd policies I've heard attributed to you, or the outrageous things said *Meme creator unknown* about you and your points of view, are truthful.

Tsk, tsk.

CITIZENSHIP

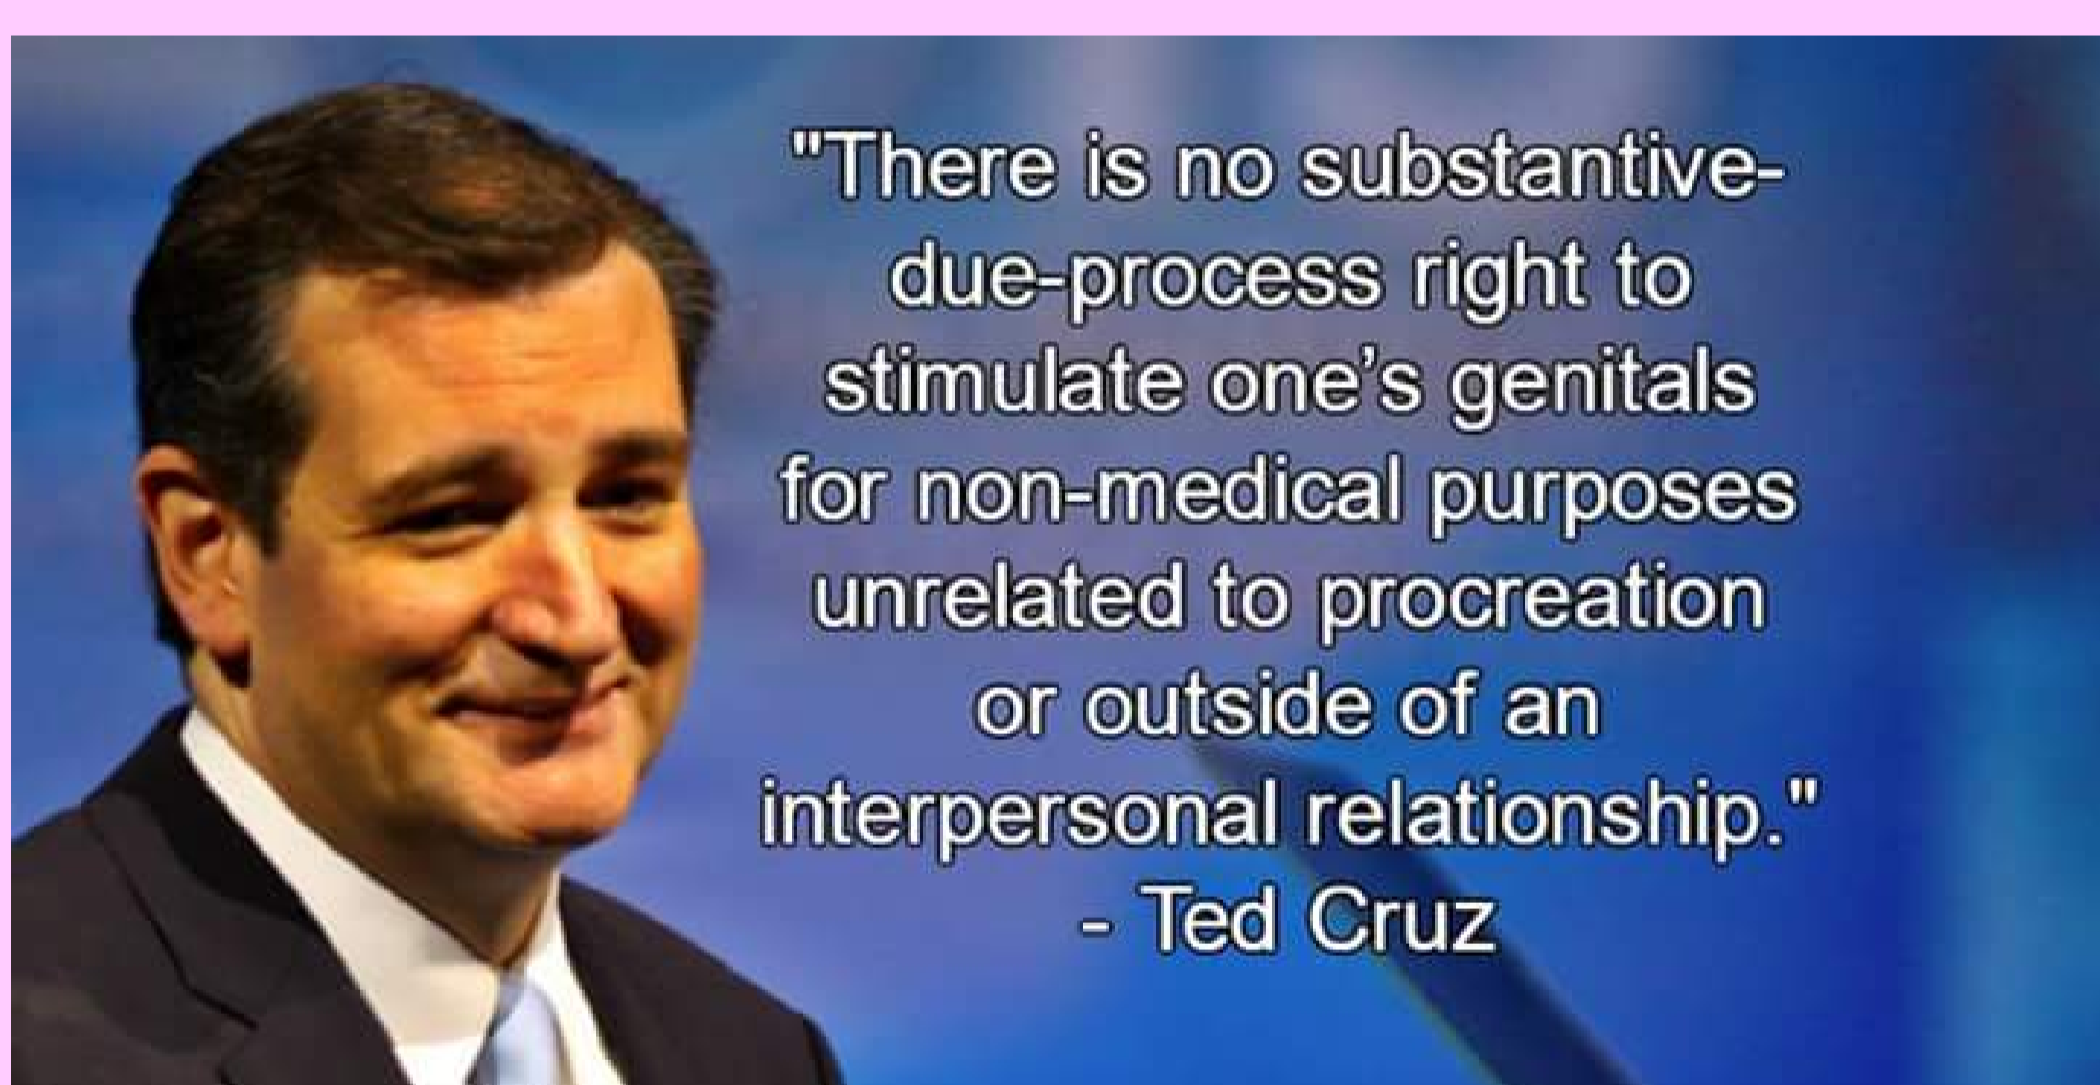

Rafael Edward (Ted) Cruz's Calgary birth certificate is 332834. On May 14, 2014, he renounced his Canadian citizenship. “Natural born citizens” of the USA do not have other citizenships to [r]enounce. Rafael Edward (Ted) Cruz, if nominated, is ineligible to stand for the office of the presidency of the United States of America!

His parents could have taken steps to certify that he was a “natural born citizen” of the USA. Because they did not, he isn't eligible to stand for the USA's presidency.

“PREGNANCY is not ... life-threatening ...”

On September 2, 2020, Senator Cruz' State, Texas, had the highest maternal mortality rate in the First World, almost 36 per 100,000 births.

with dildos, artificial vaginas, and/or vibrators.

GAY SEX ADVOCATE

Senator Ted Cruz suggested (April 19, 2022) that Mickey Mouse and Pluto become homosex partners.

God, Rights, and Calgarian Ted Cruz

Rafael Edward Cruz of Calgary vomited a bunch of supremely offensive religious garbage despite the fact that Article VI of the Constitution of the USA says “no religious test shall ever be required as a qualification to any office or public trust under the United States.”

CANDIDATES' RELIGION

Just as a candidate's sex life and toilet habits are private, not the public's, business, so are the silly superstitions treasured.

December 7, 2007

I believe the proper answer about religion for a politician is “It's none of your business. My beliefs and morals are reflected in my actions. Examine my personal life record as a public servant to see what I've done to speculate on what I'll do.”

Rafael Edward Cruz of Calgary LIED when he said a god gave any of us any rights. If he can prove that some god did by citing a reference to a god giving a human rights, I will withdraw the charge. GOTO the URL below for the substantiation of my allegation.

This page was created because Facebook exercised its right to block me, and your access to my Notes there, from March 24 to August 22, 2016. When I regained access (withdrawn after a few hours) I copied the Notes that I created and regard as my property. Some of those Notes were posted to UseNet because I feared Facebook's unAmerican tendency to censor.
